Margaret Hawn, 14, GHS Freshman, Takes Her Life With Shotgun In Her Home

Miss Margaret "Maggie" Hawn, 14-year-old daughter of Mr. and Mrs. Paul J. Hawn, of 16 Seminary Ave., was found dead Friday afternoon at about 5 o'clock in her second-floor room at her home.

Adams County Coroner C. G. Crist said the death was a suicide. The young woman used a 12-gauge shotgun to fire the fatal charge into her chest according to the coroner.

The tragedy was discovered by the mother upon her return from a visit to a grocery store. She became suspicious when she found the door to her daughter's room on the second floor of the house locked and received no response to her calls. Using a skeleton key, she forced the key from the inner side of the lock and opened the door.

GUN ON FLOOR

Finding her daughter lying across the bed with a wound in her chest and blood running from her chest, nose and face, Mrs. Hawn called Dr. D. L. Radsma, the family physician. Upon his arrival the coroner was summoned along with borough police.

The 12-gauge shotgun which had caused the death was lying on the floor opposite the girl. Police conducted a search with state police assisting. It was finally determined from powder marks on the girl's left hand that she apparently had held the muzzle of the shotgun against her chest and a smudge mark on her white socks indicated she may have used a toe to fire the weapon. The gun then apparently fell to the floor while she fell back on the bed and when the door was opened it caught the stock of the shotgun and pushed the weapon to the far side of the room as the door opened.

Dr. Crist said there were no notes found and there was no evidence that anyone could have been in the room except the girl. The shotgun was owned by Mr. Hawn, and had been secured from another room on the second floor of the house.

HAD ATTENDED SCHOOL

The coroner said members of the family told him that they did not know that Miss Hawn had any knowledge of how to load the weapon. The small size shot in the gun did not scatter far and most of the pellets entered the chest in a small pattern. A few struck her face.

A Ninth Grade student at Gettysburg High School, she attended school Friday and her homeroom teacher, according to police, reported that she had seemed normal through the day, giving no evidence of having any special problems.

Dr. Crist said her parents said she was a member of the Sunday School Class at the Presbyterian Church taught by Jack H. Orner, Arendtsville, and had been upset by the report of his suicide Thursday night.

ACTIVE IN SCOUTS

She was active in Girl Scouts and her room contained a number of mementoes of her Girl Scout activities. She was serving as vice president of Girl Scout Troop 955 and her leader, Mrs. Harry Baker, said she was "very conscientious." She had served two years as a Brownie, four years as an Intermediate Scout, winning the highest award given in that branch of the Scouts, the Curved Bar, and was serving her first year as a Senior Scout.

SERVICES MONDAY

She was also a member of the Y-Teens, sang in a choir at the Presbyterian Church and was a member of the Presbyterian Youth Fellowship.

Surviving are her parents, Paul J. and Mary L. (Bisbing) Hawn; a sister, Paula Jo Hawn, at home, and grandparents, Mr. and Mrs. Raymond Bisbing, Gettysburg.

Funeral services Monday afternoon at 2 o'clock from the Bender Funeral Home, Carlisle St., with the Rev. Robert MacAskill officiating. Interment in Evergreen Cemetery. Friends may call Sunday evening from 7 to 9 o'clock at the funeral home.

Delone Band To Go To Pasadena

The 122-member Delone Catholic High School Band, McSherrystown, has been invited to perform in the 1964 New Year's Day Tournament of Roses parade in Pasadena, Calif.

The invitation, extended by the parade committee of the Tournament of Roses celebration, now planning the January 1, 1964, event, has been accepted by the band, according to Director Richard Feeser.

Tentative planning already is under way and details will be worked out in the months ahead.

LUTHERANS TO BRING WHITE GIFTS SUNDAY

The annual White Gift service will be held at Christ Lutheran Church Sunday evening at 7:30 with the presentation of a pageant by the youth of the congregation entitled "In Those Twelve Days." It is styled after a medieval mystery play and is under the direction of seminary student assistants, Ronald Shonk and John Swyers.

The time of the drama spans the Christmas season from the Nativity through the Epiphany. Gifts presented at the creche during the 12 days focus attention upon such symbols of Christ as "Lamb," "Light," "Vine," "Bread," and others which have become a part of the educational and liturgical life of the church.

The congregation will join in this dramatic expression at the close of the pageant through the presentation of "white gifts" of food for distribution to needy families in the community.

Spoken parts, which include Biblical passages and sequences written in rhyming couplets and blank verse, will be presented by Richard Hershey, Robert Deitz, Russell Rosenberger and Chris Folkemer. The parts of Mary and Joseph will be portrayed by Lenore Cronlund and Edward Tilberg. Others participating in the pageant are Steve Koons, Ted Rice, Philip Koons, Brad Parish, Paul Qually, Andy Teeter, Leslie Vannorsdall, Katie Stroup, Robert Weaver, Ray Schwartz, Alfred Heikinen, Ron Carver, Caryn Caldwell, Susan Musser, Ann and Mark Reinberger, David Rice, Kit Richardson and David Hoffman.

Special music will be provided by the Senior and Junior Chorus and by a family chorus comprised of Dr. and Mrs. Howard N. Bream and their children, Janet, Judy, Perry and Patty. Soloists will be Paul Reaver, John Zeigler.

Wreckage Of Perry House Car

A state policeman is shown inspecting the wreckage of the auto of O. Perry House, Aspers feed mill operator and former American Legion district commander, along the Gettysburg-Carlisle highway, a mile north of Biglerville. The picture was taken after a wrecking truck had straightened out the buckled car so that House's body could be removed. Police believe he fell asleep at the wheel. (Ziegler Studio photo)

Two Students In Harrisburg Event

Gettysburg High School's two foreign students from the American Field Service, Ana Maria Silva of Guatemala and Mehmet Bayram of Turkey, will participate in a "Christmas in Other Lands" program on Monday at the Penn-Harris Hotel in Harrisburg.

Preceded by a luncheon in the Commonwealth Room, the program will be the feature of the Department of Public Instruction's annual Christmas party. Miss Silva and Mr. Bayram are asked to speak on their respective countries. Only two other Field Service students, who come from the Harrisburg area, are invited to take part.

Principal Charles Tressler, of Gettysburg High School, and Miss Louise Ramer, guidance counselor, will accompany the students to Harrisburg.

COLLEGE DORM IS DAMAGED BY \$5,000 BLAZE

Nine Gettysburg College coeds were driven from "Lincoln Cottage," a dormitory on W. Lincoln Ave. across from the Student Union building, this morning when fire broke out in partitions in the former private dwelling, causing "an estimated \$5,000 damage."

Gettysburg firemen were summoned at 7:29 a.m. after the students smelled smoke seeping out of partitions. The students and others in the area carried out clothing and furnishings.

Some luggage and evening gowns of the coeds stored in the attic of the building were reported destroyed in the blaze.

Firemen had difficulty in reaching the blaze which according to Assistant Fire Chief Robert Hartman apparently started from a fireplace. A fire had been built in the fire place Friday night, and apparently studding became ignited.

GET SECOND ALARM

The fire burned out studding, charred walls, and burned into the attic, which had broken into flames when the firemen arrived.

A second alarm was sounded for Gettysburg firemen when the dorm fire was fairly well under control and one of the trucks was dispatched to Orrtanna to assist firemen fight a house blaze. Littlestown firemen came to Gettysburg to standby until local firemen returned.

The coeds at the college, all of whom planned to leave today for their homes for the Christmas holiday, carried much of their clothing to a neighboring dormitory for storage.

Atty. McPherson May Lose Post

President Kennedy Friday was reported planning to name a new member to the Interstate Commerce Commission rather than reappoint Republican Commissioner Donald P. McPherson of Gettysburg.

The report, in a copyrighted article in the transportation publication "Daily Traffic World," said the White House was expected to announce shortly that McPherson would not be renominated when his term on the 11-member commission expires December 31.

Quoting "sources known to be reliable," the article said leading candidates for the post included Paul J. Tierney, a personal friend of Attorney General Robert F. Kennedy and now assistant counsel of the Senate Government Operations Committee, and Nyle M. Jackson, a member of the Post Office Department's congressional liaison staff.

O. Perry House, 39, Former Legion District Commander, Killed Today In Car Crash

O. PERRY HOUSE

Oliver Perry House, 39, Aspers, immediate past district commander of the American Legion and operator of a feed mill at Aspers, was fatally injured this morning at 3 o'clock when his car left the Gettysburg-Carlisle highway a mile north of Biglerville, broke off a power line and came to rest about 30 feet off the highway in a small stream.

Adams County Coroner, Dr. C. G. Crist, said death occurred instantaneously from a compound fracture of the skull, internal injuries and a broken neck.

State police, who estimated damage to the car at \$1,000 and to the pole at \$200, said they believed House, who was driving north toward Aspers, fell asleep while driving. His car then swerved to the west side of the road, left the highway, struck the pole, went down an embankment and came to a stop in the stream. The car came to rest with the front wheels on the north side of the stream bank and the rear wheels on the south side of the small stream.

PINNED IN CAR

Those at the scene, Dr. Crist said, were unable to remove House's body from the center portion of the car which had been bent and smashed in from the impact of hitting the pole. Julius Swope's tow truck was summoned to pull the twisted frame sufficiently to permit removal of the body, according to the coroner.

At the time of House's election as district commander of the American Legion about three years ago, after having served as commander of the Ira Lady post of the American Legion, he was the first son of a previous commander of the Legion district to have been named to that office. His late father, Stanton D. House, had previously been district commander of the Legion.

TRAILER HOME DESTROYED BY BLAZE FRIDAY

Fire Friday afternoon destroyed a trailer home, near Table Rock, tenanted by Mr. and Mrs. Andrew Mucha along with their Christmas presents, \$60 in cash and \$300 worth of U.S. Savings Bonds.

The fire burst on the couple and two guests in the trailer without warning at about 3:30 o'clock. Mucha, a soldier stationed at Fort Ritchie, his wife and Ralph and Edward McGlaughlin, occupants of a neighboring trailer in the Miller Trailer park, were seated in the dining room-kitchen drinking coffee and talking when Mr. Mucha glanced toward the corridor leading to the bathroom-bedroom area. He saw heavy black smoke pouring out the back end of the structure.

The four persons grabbed whatever was nearest them, chairs, a clothes basket and a few other articles and fled precipitously from the structure. Moments after they were out of the trailer it seemed filled with flame and smoke.

Dean Miller, brother of Jack Miller, who owned the furnished trailer in which Mr. and Mrs. Mucha have resided for the last six months, telephoned for the Gettysburg firemen. Gettysburg in turn called Biglerville firemen on their arrival at the scene of the trailer camp along the road leading from Table Rock to Shriver's Corner.

Gettysburg firemen estimated damage to the 1959 model four-room Richardson trailer and its contents at \$8,000. The fire destroyed the interior of the vehicle.

Mr. and Mrs. Mucha lost all of their clothes including Mr. Mucha's Army uniforms and all of the Christmas gifts they had purchased preparatory to leaving Tuesday to spend the Christmas holidays with their parents and relatives in Lorraine, O.

Assistant Fire Chief Charles J. Kerrigan said it is believed that the fire began around an oil heater.

P. O. OPEN TODAY

The Gettysburg post office will remain open until 5 o'clock today to permit Christmas mailing and will be open next Saturday until 4 p.m. Postmaster Charles W. Pentz announced today.

Hanover Firm Low East Berlin Bidder

A Hanover firm was low bidder Friday when the state Highways department received proposals for the reconstruction of the main streets of East Berlin.

Hanover Construction Company submitted the unofficial low offer of \$375,322 for the work on Routes 194 and 234, the Abbottstown-East Berlin and York-East Berlin roads, respectively.

The project calls for reconstruction of 1.98 miles of roadway with realignment and grade and bridge replacement over Mill race, the Associated Press reported. Some of the work will be in Hamilton Twp.

THIEF STEALS, THEN WRECKS LINCOLN CAR

Burglars broke the glass in the front door of the Dave Oyler Motors garage, York St., during the night and stole a 1964 Lincoln sedan owned by Carl McCann. It was found wrecked about 8 o'clock this morning at the intersection of Slocum Ave. and the Littlestown Rd.

Robert Waybright, who operates the garage, said it appeared that the hood had flown up, blocking the driver's view and caused the car to leave the road and run into a ditch. He estimated the damage at about \$150. The car was headed toward Gettysburg when the accident occurred.

The car had been left at the garage for servicing by McCann, who is employed at the post office. Mechanics had worked on the car Friday and had not replaced the top of the carburetor. The hood had been left open when the garage was closed Friday evening and Waybright speculated that it had not been closed tightly before it was taken out through the service door.

He said that parts and some petty cash had not been disturbed. The garage was broken into last summer, Waybright said, but nothing had been taken. Police are investigating.

Auxiliary 27 of the Sons of Union Veterans Auxiliary will meet Monday evening at 7:30 o'clock at the GAR rooms on E. Middle St. Mrs. Amanda Walker is the president.

Mariner II Flashes Data On Venus, "Veiled Lady Of The Universe," 36 Million Miles

By FRANK CAREY
WASHINGTON (AP) — Mariner 2, a miracle of U.S. space science, has given man his first close look at another planet.

For 42 minutes Friday it scanned Venus, flashing back 36 million miles the information that may unravel the secrets of the "veiled lady of the universe."

It was an incredible feat and excited scientists rejoiced.

The historic flyby came at 3 p.m. after a 109-day, 182 million-mile journey which began at a Cape Canaveral, Fla., launching pad.

At its nearest approach to Venus, the space laboratory was 21,100 miles from the planet, relatively at its doorstep.

Special monitoring devices began to probe the cloud-covered surface at 1:55 p.m. and were switched off at 2:37 p.m.

Then the craft was speeding toward the sun, after having come closer to a planet than any other

NEWELL HOME IN ORRTANNA BADLY BURNED

Fire which apparently started from a chimney leading from a kitchen range this morning caused extensive damage to the home of Mr. and Mrs. Frank Newell, Orrtanna. Early unofficial estimates of the loss were "at least \$10,000."

The fire was discovered by Mrs. Newell at 7 o'clock after her neighbor, Mrs. Grace Riggeal, who lives across the street, called to ask if the Newell's had left a light on in their son, Larry's, bedroom. When Mrs. Newell investigated she found the room filled with smoke and flames and summoned the Cashtown and Fairfield Fire Companies. Her husband had gone to pick up several men to help him butcher today.

Two unidentified hunters on their way to the mountains saw the flames at about the same time Mrs. Newell was calling for help, stopped and began carrying furniture from the house. They were joined within a few minutes by another carload of hunters who helped to clear the first floor of furniture and clothing.

6 COMPANIES CALLED

By the time firemen arrived flames had broken through the tin roof and the fire was burning through the plastered partitions into other bedrooms of the nine-room frame and composition shingle house. Firemen had to tear out walls to get to the fire which was burning in partitions.

Fire companies from Bonneauville, Biglerville, Gettysburg and Barlow were called in to help Cashtown and Fairfield units.

Known as the Ira Biessecker farm, the house had only a few months ago been completely remodeled with pine-paneling and (Continued On Page 3)

Boose, New Oxford, November 24 at 10 a.m. in St. Anthony's Shrine, Emmitsburg. The double-ring ceremony was performed by Rev. Vincent J. Tomalski, Mrs. Alma Seltzer, church organist, played the traditional wedding music. Thomas Sicilla, classmate of the bride, was soloist.

The bride was given in marriage by her father.

Mrs. John Carson, sister of the bride, was matron of honor. Best man was Richard Boose, brother of the groom. Ushers were Donald Little and John Wood.

A reception was held in the parish hall immediately following the ceremony.

The bride is a graduate of St. Joseph's High School, Emmitsburg, and is employed as a secretary at Mt. St. Mary's College. The groom graduated from New Oxford High School and is employed by Hoke's Furniture Factory in Thurmont. The couple is residing in their new home near Gettysburg.

CAR IS STOLEN

Allen Weikert, Hunt Ave. service station, reported Friday evening at 11:45 that his 1963 Rambler had been stolen from a parked position on York St. some time after 8:30 p.m. Later state police reported that the car had been wrecked at Fayetteville and that the person who had stolen the car had "taken off on foot." The police report showed that Weikert's deer rifle was in the car at the time it was stolen.

"TOWN" GOES ABROAD

NEW YORK (AP) — "On the Town," which played Broadway 18 years ago, is finally going to London.

Oliver Smith, its original sponsor, is to be associated in the presentation with Roger L. Stevens and H. M. Tennent Ltd. Direction is to be by Joe Layton, who did an off-Broadway revival in 1959.

STAR DIRECTS PLAY

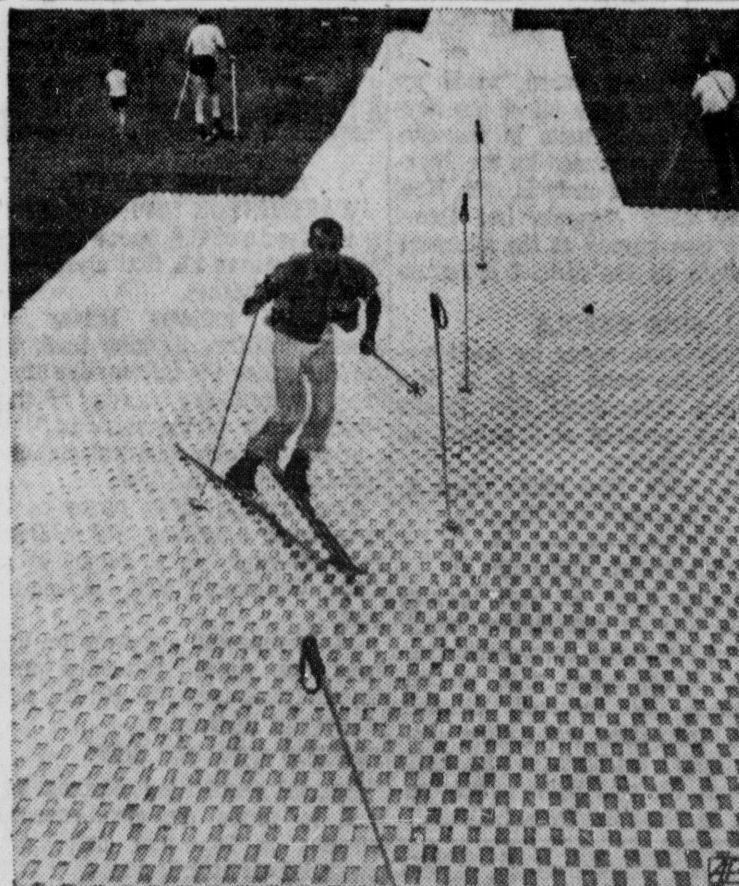

NEW YORK (AP) — Comedienne Nancy Walker is next going to turn her hand to direction of a Broadway production.

"The Pushcart Affair," by Alec and Myra Coppel, is the project, scheduled for premiere in January.

Miss Walker said she has long had an ambition for directing and had asked her manager to find such an assignment. She will not perform in the play, which is described as a comedy-thriller.

Iowa Priest Had Odd Background

HAMPTON, Iowa (AP) — A priest who was buried here March 6 is survived by 12 children, 12 grandchildren and 37 great-grandchildren.

Two of the Rev. Patrick J. Norton's sons also are priests, and for the last three years he served as assistant pastor to one of them.

For more than 40 years Patrick Norton was a newspaper distributor in Dubuque. He fathered 14 children. When his wife died in 1948 after the children had grown, he decided to study for the priesthood.

He was ordained 10 years ago, at the age of 69, after studying at Loras College, Dubuque; St. Bede's College in Peru, Ill., and in Rome. One son, the Rev. Charles Norton, O. P., is a chaplain at the Air Force base at Minot, S. D. The other, the Rev. Claude T. Norton, is pastor of St. Patrick's Church.

While serving as his son's curate, he was asked who was the boss.

The son replied: "Technically I'm the boss but they haven't yet repealed the fourth commandment."

Father Norton did regular parish work but specialized in counseling married and engaged couples.

"He had plenty of experience in marriage," said his son, "and he was very good with children—he had so many of his own."

STEPPED INTO TROUBLE

DOTHAN, Ala. (AP)—Farmer Mack B. Parrish says he'll look twice in the future before donning his rain boots. Parrish was pulling on one of his boots when a rattlesnake sank its fangs into his foot. The reptile had crawled into the boot which Parrish kept in an outbuilding for use in wet weather.

CONEWAGO TWP SCHOOL BOARD REORGANIZES

Clark H. Wildasin was elected president of the Conewago Township School Board when the directors met and reorganized Thursday night. He had been serving as vice president.

Mr. Wildasin succeeds Lewis Klunk as head of the board. Lloyd Deamer was named vice president. Mr. Deamer was formally sworn in as a member of the board Thursday night, replacing Francis Keffer, who resigned.

J. Arthur Wolfe, principal, was authorized to offer teachers an opportunity to visit another school district for the purpose of observing instructional procedures. It was stated that requests for time and place to visit must be made at least three weeks in advance, and that a report on observations must be returned to the principal's office.

TRANSPORTATION REQUEST
With a turnover in teacher personnel anticipated, the board gave Mr. Wolfe authority to interview prospective teacher applicants for the 1963-64 term.

Robert Beilbing, Edge Grove, appeared before the board to request transportation for his son. The directors stated their obligation to abide by the state code which specifies that pupils living less than a mile and a half from the school bus stop or school cannot be legally transported under the present, reimbursed transportation arrangement.

Principal Wolfe reported the Lincoln Bus Lines have complied with an order to place a school bus sign on its blue bus operating on the Carlisle pike.

The board accepted with appreciation a gift from the Paul Seich family to be used to place books in the school library in memory of their son, Charles.

Bills totaling \$11,640.59 were ordered paid.

PROGRAMS EVALUATED
School lunch reports showed that 4,306 meals were served to children and 55 to adults, and that 579 "extra milks" were distributed.

The new reading program in the first grades was evaluated during the month. Announcement was made that a number of teachers of the district participated in the National Defense Education Act in-service program at the county level when the subject was "Earth and Space Science."

Miss Joan Dockey of the staff completed the civil defense instructors' course and was awarded an instructor's certificate.

Attending the meeting in addition to Messrs. Wildasin, Klunk,

hardwood floors. The Newells bought the property, which is located on the south edge of Orrtanna near the beverage distribution plant of Clark Spence on the Fairfield Rd., 13 years ago. It was one of the old farm houses in the community.

SMOKE, WATER DAMAGE

Mrs. Newell said they had made a wood fire in the combination kitchen range Friday evening but indicated that the fire could have been caused by faulty wiring since their son no longer lives at home. She said that most of the furniture and clothing from other rooms had been carried from the burning structure, but heavy losses were reported by firemen from smoke and water.

Firemen said the attic and second floor were destroyed and that the rest of the house was "ruined" by smoke and water. Mrs. Newell said the structure and contents were partially insured.

Mrs. Newell has been employed for many years at the Knouse Foods plant in Orrtanna.

NORRISTOWN, Pa. (AP)—Dist. Atty. Harold W. Spencer of Montgomery County has resigned the \$11,250-a-year post because of what he said was the pressure of his private law practice.

His resignation, announced Friday, is effective Dec. 31. Choice of a successor rests with the four judges of the county court.

Deamer and Wolfe were James Sneeringer and George Inskip, assistant superintendent of Adams County schools.

PLAN MANY 4-H EVENTS FOR MONTH

Plans for a number of 4-H activities during the remainder of this month were outlined today by the county agricultural extension association.

Monday evening at 7:30 o'clock the Adams County 4-H Dairy Club will hold its Christmas party and meeting at the West St. branch of the Gettysburg National Bank. Fifty-cent gifts will be exchanged.

Wednesday evening at 7:30 the Adams County 4-H Baby Beef Club will meet at the Adams Electric Cooperative building, rear of N. Stratton St. Officers will be elected, insurance and farm show animals will be discussed and a Christmas party will be held with exchange of 50-cent gifts.

Friday evening at 7:30 o'clock the South Mountain 4-H Club will meet in the basement of the Arendtsville National Bank. The same evening at 7:30 o'clock the Adams County Light Horse and Pony Club will hold a Christmas party at the Barlow fire hall with a gift exchange and round and square dancing. Assistant County Agent Joseph F. Lutz has announced that reservations for the Light Horse and Pony Club party must be made by Wednesday, December 19.

TO GO CAROLING

Next Saturday evening, December 22, the 4-H Senate will hold a Christmas party at 7 o'clock at the West St. branch bank. During the evening the group will take part in caroling through the streets of Gettysburg. Jane Lawver, Sally Lott, Barbara Johnson and Merial Hartman are the committee in charge of the event.

Friday evening, December 28, at 7:30 the Mt. Joy 4-H agricultural Club will hold a Christmas party at the home of James Waybright, Gettysburg R. 1.

The extension staff has also announced this tentative schedule for 4-H activities during 1963: March 2 to 9, 4-H Club Week; March 8, 4-H Fun Night; April 30, club reorganization; May 17, officers training session; June 9, 4-H vesper service; June 10-15, Camp Kanawake; June 12-15, Camp Tuckahoe; June 16-21, Club 60; June 17-21, Club Congress; June 29, county 4-H Demonstration Day; July 24, district 4-H Demonstration Day; July 30, 4-H Day Camp; August 16, 4-H State Day; August 16, 4-H roundup; August 22, district dress revue; August 23-24, junior leader retreat; November 2, achievement banquet.

8 Killed When Airliner Crashes Into A Business Residential Area Friday

NORTH HOLLYWOOD, Calif. (AP)—An airliner, wheels down,

landing lights burning, dropped from a foggy sky Friday night into a row of suburban homes. Eight persons died in flames in a block-long disaster.

Four of the dead were men aboard the Flying Tiger Lines Constellation.

A man, a woman and two teenage girls were found in the wreckage of shattered homes.

Firemen were still probing the smoking ruins early today, fearing there were more bodies. All the victims were burned and many were mutilated.

Six homes and two commercial buildings were set afire as blazing gasoline spewed from the wreckage.

4 BUILDINGS BURN

The plane fell in a section of the San Fernando Valley a quarter-mile from its destination, Lockheed Air Terminal, in Burbank. Among its cargo were Christmas toys from Boston. The plane, a prop-driven cargo craft, carried only one passenger—a man who hitched a ride.

The Civil Aeronautics Board launched an immediate inquiry into the crash.

Motorists and pedestrians stared in disbelief as the four-engine craft swept across busy Laurel Canyon Boulevard so low they could see the blue flame of its exhausts—as if it were making a routine landing.

"The plane was lowering in just like for a landing," said Mike Powers. "It had its landing gear and the flaps down. The landing lights were burning. I just couldn't believe it could come down there. Then the left wing dipped and the plane smashed in, nose first."

CLIP POWER LINES

The plane clipped power lines, which whiplashed across homes and yards, trailing sparks—and plunged the neighborhood into darkness lit only by blazing homes and wreckage.

"Screams rose from the block as the rumble of the crash subsided," said a resident. "The children were terrified. Everything was black, and the homes were burning."

The big Constellation was coming in from Chicago. The Flying Tiger Line said three crewman and an employee's husband, hitching a ride, were aboard the liner.

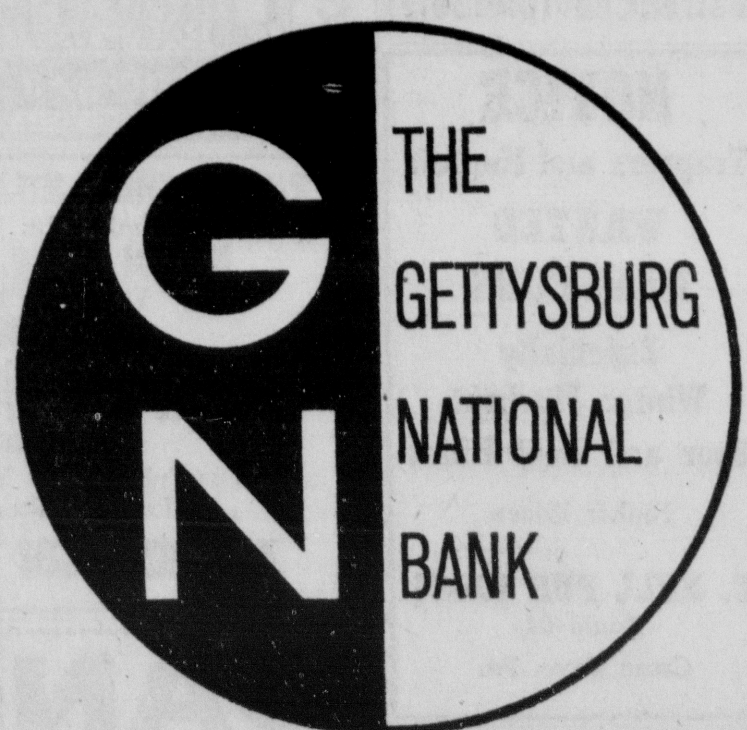

The four dead taken from the plane were identified as:

Capt. Karl C. Rader Jr., 38, Burlingame, Calif.; Copilot David L. Crapo, 25, Compton, Calif.; Flight Engineer Jack W. Grey, 33, San Mateo, Calif.; and a passenger, John A. Olson, Sunland, Calif.

Victims killed in the homes were not immediately identified.

PLANT BURNS AT LINEBORO

Fire attributed to heating equipment destroyed a woodworking factory at Lineboro, Md., and gutted a two-family house five miles away at Brodbeck, York County, within a half hour period Friday afternoon.

Loss at the Lineboro plant of Warner Industrial Wood Products Company was estimated at \$50,000 by the owner, Walton Warner.

Loss at the Brodbeck home was put by the owner, George A. Link, and Glen Rock Assistant Fire Chief Delano Miller at \$15,000. Both losses are partly covered by insurance.

The Lineboro firemen were called in bitter weather to assist at the Brodbeck blaze, which occurred at 1:15 p.m. About a half hour later they were recalled to Lineboro when the woodworking factory caught fire.

Link, who had retired from the Navy, said he had purchased the 14-room home in Brodbeck about three years ago. He formerly resided at Taneytown.

CHANGE HOUR OF MASS

The Requiem Mass for Mrs. Marie Gertrude (Florence) Humerick, 83, widow of Edgar G. Humerick, who died Thursday at her home in Emmitsburg, will be held Monday morning at 10 o'clock at St. Joseph's Catholic Church instead of 11 o'clock as previously reported.

FIRE IN SCHOOL

A minor fire in the home economics room of Delone Catholic High School, McSherrystown, was extinguished by members of the McSherrystown Fire Co. who were summoned at 7:40 p.m. Thursday. Henry Noel Jr., night janitor at the school, discovered the blaze in a pile of towels on a table. Cause of the fire was not ascertained. Damage was estimated at about \$50. Assistant Fire Chief Harry Von Sas reported.

and Mr. and Mrs. Charles Tracey, who were married three months ago and who occupied the second floor, lost all their belongings in the blaze.

Link said both couples were in Hanover to purchase groceries when the blaze occurred. They returned home about two hours after firemen arrived.

XMAS TREATS ON MART TODAY

Pine cones, Christmas greens and Della Robbia-type wreaths added a special touch of Christmas at Farmers' Market today, and a booth operated by Troop 79 of St. James Lutheran Church offered a wide assortment of holiday cookies at 35 cents a dozen.

Pine branches were 10 cents each; cones, 5 cents; arrangements of greens, 50 cents a bunch, and wreaths at \$1.50 for fresh greens and \$4.50 for those made of treated foliage and artificial fruits.

Fresh pork continued to move well at 60 cents for sausage; ribs and backbone, 50 cents a pound; shoulder roasts, 55 cents a pound, and fresh bacon, 45 cents a pound. Smoked sausage sold at 65 cents a pound; pig souse, 25 cents a square, and eggs, 55 cents and 60 cents a dozen.

Local English walnuts sold at 25 cents a quart, fresh horseradish at 25 cents and 50 cents a jar, and apple butter, 50 cents a quart. Dried schnitz sold at 35 cents a quart box.

Raisin cakes were 50 cents each, fruit cakes at \$1 a pound and spice and other cakes at \$1.25 each. Mince pies were 60 cents each; fruit pies, 50 cents.

Mrs. Robert Codori, committee chairman, expressed her thanks to all of the members for assisting in a food sale and bazaar last Saturday to help raise funds for the proposed trip by the unit to Florida in the summer of 1964.

Corrects Figures In Council Story

Earl Ecker, secretary of the Biglerville borough council, explained to The Times today that figures reported in Friday's paper were receipts for one month, and not a complete treasury balance. The figures quoted were \$288.86 in the general fund, and \$4,008.10 in the sewer fund.

He also said that the occupational assessment plan has been the basis for computing taxes for some time, and is not a new assessment schedule. He said the borough budget for 1963 will be made on the basis of the school board plan and follows past procedure. The budget will be submitted within the next two months, he said.

TEN YEARS AGO

Sheriff And Menges Leave For Dallas: Sheriff Dorsey J. Schultz and Borough Policeman Raymond Menges left at 5 o'clock Sunday morning by bus for Dallas, Texas, to bring back for trial two young men implicated in the burglary of four Buford Ave. business places earlier this month.

The sheriff and borough officer decided to travel by bus in order to permit placing the prisoners in jails along the route overnight while returning them to Gettysburg, as well as utilizing the most economical method of travel. They expect to return here with the prisoners from the 3,000-mile trip by next Sunday.

Snow A Year Ago: This was one of the colder mornings so far this fall — the low was nine below freezing — but it wasn't nearly as wintry as December 15, 1951, when conditions arose to find 7 1/2 inches of snow had fallen during the night but it had disappeared before Christmas. The coldest day this fall was December 1 when the low was 17 degrees.

Jack Bream Gains Mercurys: Jack Bream, former Gettysburg High School catcher and son of Mr. and Mrs. Henry T. Bream, N. Stratton St., landed a pair of goals in aiding the Mercurys Academy basketball team win its opening game against St. James School of Maryland 53-36. Bream, who played a varsity guard position for the Warriors, is playing a similar position for the academy.

Marks 25 Years With Phone Co: Miss Margaret Tate, cashier in the business office of the United Telephone Co., Lincoln Wednesday on her 25th anniversary in the office. She was also the recipient of flowers and gifts from the company and associates. Miss Tate was first employed by the Bell Telephone Co., when its office was located in the First National Bank building. The company became the United in 1930 and the office was moved to its present location.

To Broadcast Locations Of County Fires: A plan to broadcast the location of every fire in Adams County over Radio Station WGET was detailed to members of the Adams County Association of fire chiefs, at their December meeting Thursday night in the Gettysburg fire engine house, by Murray Goldsborough, station manager. Mr. Goldsborough said WGET for some time has been interrupting its programs to broadcast information when the Gettysburg Fire Department is called. "WGET is not a radio station just for Gettysburg, however," he said, "it's for all the county. We feel that if your fire companies throughout the county will telephone information to us about a fire in your respective communities, we can be of further public service to the county."

Mr. Goldsborough said the radio station would pay the cost of telephone calls from any part of the county and "air" the location of any fire in the county. The proposal was accepted by the chief's association and will be placed in effect within a short time.

Flies Escort For Ike: First Lieutenant Richard D. Hayes, whose wife, the former Miss Margaret Ramer, resides at 50 York St., was the pilot of one of the jet planes which flew escort for President-elect Dwight D. Eisenhower from Okinawa to Korea on General Eisenhower's recent trip to Korea. Lt. Hayes, who is now based at Seoul, Korea, wrote that Eisenhower waved to the pilots of the escort planes from his own Constellation. Lt. Hayes was sent to Okinawa in October, 1951, as a pilot with an Okinawa-based jet fighter squadron. He received combat flight training from Korean battle-tested veterans and flew patrol

FAITH

Have faith.
First, faith in yourself, then faith in the thing you set out to do — then faith in the result.

Faith is the ability to believe you have won before you have. Its art of beating the enemy, the obstacles, or the plan of your opposers, before they have securely organized. For faith is to take victory in hand at the start.

Have faith.
The great stories of success from the beginning of time are but narratives of men and women who — who had faith. Faith feeds the hungry in adversity — clothes and warms the needy in temporary failure. For faith builds. It cannot destroy.

Have faith.
Your success is limited only by your faith. The results from faith are limitless. Take heart.

Have faith.
The only time people fail is when they lose faith. The pitcher in a ball game, the leader in politics, the executive at the head of a task or business — the humblest toiler — each goes ahead and does his best only as he is inspired to it by faith. First, as he has it — then as those about, under or near him have faith in him.

Have faith.
And make it a vital part of your determination to win today. The most obscure worker is entitled to as great credit for results, in proportion, as the man who commands — so long as he has and uses all the faith he can muster. So remember to keep a good stock of faith on hand constantly. All this day long — Have faith!

Just Folks

RECOLLECTIONS

Is it my fancy that these walls retain
Imperishable memories of their friends;
That once a visit's made it never ends
And less can never take away the gain?

I feel it's at something of them must remain,
Since upon friendship home always depends
That which the spirit of a comrade lends
Still lingers on defying rust and stain.

That is the chair in which one loved to sit.
And here praised that picture on the wall.
Here is a book, I never turn to it,
But what the friend who gave it I recall.

Friends come and go. That is the common way!
But memory holds them fast and bids them stay.

New Disposal Unit Approved: Knouse Foods today received state approval from the Sanitary Water Board in Harrisburg of plans to construct a 15,000,000 gallon waste disposal system at Peach Glen. Dr. James R. Oyler, technician director, said the new system is necessary to alleviate pressure on the present system as a result of expanded manufacturing facilities.

Dr. Oyler said the project was planned more than a year ago after company officials decided to step up production at the firm's Peach Glen plant. He said application for a permit to build the system was submitted to the state for approval in October. The project, which adjoins the present system at Peach Glen, is being constructed on a seven-acre tract of land east of the plant purchased from Huber Bream. Work was started last October by John D. Teeter, Gettysburg, who expects to have it completed in April if weather permits early resumption of excavation. The new system will permit a total of 18,000,000 gallons of waste to be treated yearly at the plant's two units.

Former Banker Under Indictment

ERIE, Pa. (AP) — A former Erie bank official, Merle F. Wadlinger, 46, was free on \$25,000 bond today, following his indictment for embezzlement.

Wadlinger posted bond here Friday before U.S. Commissioner Lyman Shreve.

A federal grand jury had indicted him earlier in the day at Pittsburgh on charges of embezzling almost \$180,000 from 34 accounts in the Marine National Bank of Erie, with which he worked from 1936 until last Nov. 21. His last post with the bank was that of assistant vice president and trust officer.

Wadlinger is to be notified later when to appear in federal court to enter a plea.

S.S. TAX WILL

BE INCREASED

ON JANUARY 1

Paul W. Dunham, Social Security district manager, announced today that his office now has on hand copies of a printed explanation of the Social Security tax increase scheduled for January 1.

The explanation is available upon request to the Chambersburg Social Security district office and Dunham said that a number of employers have already ordered copies to enclose with employees' pay checks on the first pay day in January.

Starting with that first pay in January, Dunham said, the worker's Social Security deduction will be increased by one-half of one per cent on the first \$4,800 of annual wages. With this increase, the amount of the Social Security tax will be 3 1/2 per cent for an employee with a matching amount contributed by the employer.

STARTED IN 1935

The Social Security law as originally enacted in 1935, called for a beginning tax rate of one per cent for employee and for employer on the first \$3,000 of annual earnings with gradual increases until the top rate of three per cent was reached in 1949.

These tax rates, it was estimated, would be required to finance the retirement benefits of \$10 to \$85 per month, the only type of benefits provided under the original law. But the scheduled increases were not permitted to go into effect and the tax rate did not even rise to 1 1/2 per cent until 1950.

IMPROVE LAW

Many improvements have been made in the original law, Dunham said. Benefits have been added for the dependents and survivors of workers and also for disabled workers and their families. Also benefits have been increased several times to take account of rises in the cost of living. Under the present law, benefits to workers 65 and over range from \$40 to \$127 a month. A retired couple may collect as much as \$187.50 per month. Family payments range up to a maximum of \$254 per month.

Under the law as it now stands, there will be two more increases in the Social Security tax rate, one in 1956 and the last in 1958. Each increase will amount to one-half of one per cent, so that beginning in 1968, an employed worker will be paying 4 1/2 per cent of his annual earnings toward his Social Security protection.

3. How strong is her magnetic field, and how is her cloud-shrouded environment affected, if at all, by gaseous solar winds that carry particles from the sun at speeds up to 450 miles a second?

4. Are there breaks in the dense clouds that surround her?

The spacecraft, it is tentatively estimated, made its closest approach to Venus at ten seconds before 3 p.m. The target time had been 3:01 p.m.

And, as it headed toward that close contact, reporters at a Washington news conference heard its voice, relayed here from the Mariner project headquarters in Pasadena, Calif.

To most reporters, it had a chime sound. Others thought it more like some celestial organ.

Dr. William Pickering, chief of the Jet Propulsion Laboratory of California Institute of Technology, a key figure in the Mariner venture, described it as "the music of the spheres."

Kennedy

(Continued From Page 1)

The atmosphere changed dramatically, however, as the President moved into a 30-minute question and answer session following his address. At this juncture, he began drawing enthusiastic applause with arguments against such controversial ideas as easier credit and cutbacks in foreign aid.

In discussing taxes, the President said little that was new or startling. But he did serve notice that he would directly challenge the arguments of those taking a slow approach to tax reduction.

"It is increasingly clear," Kennedy said, "that no matter what party is in power so long as our national security needs keep rising, an economy hampered by restrictive tax rates will never produce enough revenue to balance the budget—just as it will never produce enough jobs or enough profits."

He said the choice is between a no-tax-cut "chronic deficit of inertia" and a transitional tax-cut deficit reflecting "an investment in the future."

At one point, he quoted, approvingly, an economy plea by chairman Wilbur Mills, D-Ark., a tax cut doubter who is chairman of the powerful House Ways and Means Committee, which initiates all tax legislation.

He noted a Mills statement that tax cuts must be accompanied by "increased control of the rises in expenditures." Added Kennedy: "This is precisely the course we intend to follow."

Kennedy made a 25-hour flying visit to New York to address the Economic Club and to participate in groundbreaking ceremonies Friday at the site of the official United States Pavilion at the 1964 New York World's Fair. He also attended a late evening dinner party at the home of his friend, Earl E. Smith, who was ambassador to Cuba in the Eisenhower administration.

The President was scheduled to return to Washington in mid-afternoon today.

HOPE TO FREE

1,113 CUBANS

NEW YORK (AP)—James B. Donovan, negotiator to win freedom for the 1,113 Cuban invasion prisoners, says he hopes to have them back in this country by Christmas.

Donovan said he was encouraged, both by President Kennedy's endorsement of his objectives at Wednesday's press conference, and by an announcement of cooperation by the American Red Cross.

The Cuban missile crisis had stalled Donovan's efforts to exchange medicines, medical supplies and baby foods for the prisoners, captured in the abortive Bay of Pigs invasion of April 1961.

Cuban Prime Minister Fidel Castro had demanded \$62 million ransom, but Donovan said no cash will be involved.

The Red Cross announced in Washington that it was collecting supplies from U.S. manufacturers for shipment to Cuba, and would provide welfare services to any Cuban prisoners released to the United States.

Lawrence Consoles

Losing Candidate

YORK, Pa. (AP)—Defeat is the price a conscientious politician must pay for backing worthy but unpopular causes, says Gov. Lawrence.

Such defeats are often accurate yardsticks of a politician's excellence, Lawrence added Thursday night at a dinner honoring former Sen. Harry E. Seyler, D-York.

Lawrence measured Seyler by that yardstick for his important roll in winning Senate passage last year of the controversial school district reorganization law. Seyler's defeat in November was blamed on his support of the law.

Seyler, said Lawrence, displayed high courage, adding: "I want to say that the General Assembly of this state has never had a more creative, constructive member than the man we honor tonight."

Find 9 Children

Hungry, Freezing

PHILADELPHIA (AP) — Nine small children, three suffering from frostbite, had hot food and a warm place to stay today after authorities stepped into the lives of a North Philadelphia family.

The parents, Theodore Sloan, 40, and Margaret, 37, were arrested on neglect charges Friday but later freed by a judge who ordered an investigation.

The mother said her husband was unable to find a steady job and that the family lived mainly on a \$70 weekly relief grant.

Authorities found the children, aged one to 12, huddled together in the rented home trying to keep warm. They quoted the mother as saying the gas had been turned off six months ago for nonpayment.

ARTHRITIS IS

CALLED WORST

U.S. CRIPPLER

Arthritis in its various forms is America's greatest crippler. The causes are largely unknown and there is no known cure.

Some types of arthritis come and go, get worse and then get better. Why this happens isn't understood, but it is known that it does happen.

Don't be misled by claims of "cures" such as fancy diets, patent medicines, trick machines, or oils to "lubricate body joints."

Some patent medicines may give temporary relief, but they do not cure; they merely ease the pain.

2 MAJOR TYPES

The two major types of the disease are rheumatoid arthritis and osteoarthritis.

Symptoms of rheumatoid arthritis are a gradual onset of loss of appetite and weight; fatigue, generalized muscle weakness and morning stiffness; aching, pain, swelling in joints. When this happens, see your doctor. Don't neglect these signs. Prompt and proper treatment may prevent or reduce later crippling and deformity.

Osteoarthritis usually occurs in older people. Symptoms are stiffness, aching, pain in the back, hips, knees and fingers; tingling of hands. Again, see your doctor. Joint damage may be hidden. Proper treatment can do much to alleviate pain and prevent or minimize disability.

The important thing about dealing with arthritis is: Don't try to treat it yourself. You will save much suffering, time and money by following your doctor's advice about medicines and other treatment and steering clear of claimed cures.

Many research scientists all over the nation are working to try to find the causes and cures of arthritis. Studies proceed under the guidance of voluntary health agencies such as the Arthritis and Rheumatism Foundation and The National Foundation. Federal government research in this area is extensive.

The researchers have uncovered promising leads that may someday bring concrete results. Until that time arthritis will continue to be a major crippler.

In its first three football games this season, Mississippi's Rebels caged a Tiger (Memphis State, 21-7), a Wildcat (Kentucky, 14-0) and a Cougar (Houston, 40-7).

Average Farm Requires An Investment Of \$42,000 Says Adams County's Farm Agent

By FRANK S. ZETTLER

Adams County Agent

The good outdoor life of fresh air and independence "down on the farm" can sound pretty appealing after a hard day at the office. But have you ever looked into what's really involved?

For one thing, it takes money, and lots of it, to own a farm or ranch these days, and it's getting harder all the time to "work your way up" in the farm business. The average farm today requires an investment of \$42,000 in land, building, and equipment. That's seven times what it cost in 1940. And today, the average return on the farmer's investment is less than 4 per cent.

INVEST \$100,000

Of the 3 point 8 million farmers in this country, many have more than \$100,000 invested.

It's a big business, farming, with assets of more than 200 billion dollars — that's three-fourths the value of all U.S. corporation assets.

The tremendous investment farmers are making of their time, skills, and money is good for our whole economy.

It takes an expert's know-how to survive the competition in agriculture today combining the talents of scientist, skilled craftsman and business manager.

PRODUCE MORE FOOD

It's a tribute to the skill of American farmers that, using less than half the manpower and 12 million fewer acres than they did in 1920, they're now able to produce nearly twice as much food and fiber for us and the rest of the world.

Since 1940, the farmer's output per hour of work has tripled.

There are fewer farms now, but they are larger, and producing more. Average farm size increased from 215 acres in 1950 to 302 acres a decade later. About

a fifth of them sell more than \$10,000 worth of products each year.

HUGE OPERATION

The mechanics of getting all the millions of us fed and clothed calls for a gigantic production operation on the part of U.S. farmers.

A man needs something of a gambler's viewpoint to start out in farming today. With all operations on a larger scale, there's also a big built-in risk in the narrow margin of profit that's squeezed between high expenses and low selling prices. In 1961, American farmers sold about 35 billion dollars worth of goods — that cost nearly 27 billion dollars to produce.

The farmer today is getting less of the retail value of his products. His share of the consumer's food dollar, for instance, dropped from 47 cents in 1950 to 38 cents in 1961. He can't afford to make economic or technological mistakes, but, even for the most expert, the age-old risks of nature — drought, flood, disease — still threaten.

ALL BENEFIT

Not everyone would want to start out in this big, complex business of farming just now. But because it is such a big business, we all benefit. Food is a better buy today than ever before. Never have we had to spend such a small part of our income for food. Quality is better, too.

Farming creates jobs. Of the 67 million employed Americans, about seven million work on farms. Many millions more produce the supplies farmers use, or process and distribute farm products.

Farmers are good customers. Every year they spend around 42 million dollars to buy goods and services for farm production and family living.

PAY BIG TAXES

Farmers pay taxes. Like many other businessmen, farmers pay big taxes, sharing heavily in the assessments that provide us all with national defense and government services. In 1960 their real estate taxes totaled 1.3 billion dollars, income taxes amounted to one and one-quarter billion dol-

YORKS STILL MOST POPULAR

HARRISBURG — York Imperial holds its traditional position as the leading apple variety in Pennsylvania with a production of 2,044,000 bushels out of a total crop of 8,700,000 bushels, according to the Pennsylvania Crop Reporting Service.

Stayman continued in second place with production at 1,436,000 bushels and Rome again ranked third with a production of 1,330,000 bushels. Delicious, which as recently as 1959 was third in importance, retained fourth place with 931,000 bushels. Golden Delicious, a variety of increasing importance, was fifth with 757,000 bushels.

Other varieties in order of importance: Jonathan, 600,000 bushels; McIntosh, 322,000 bushels; Cortland, 165,000 bushels; Grimes Golden, 130,000; Black Twig and Northern Spy, 87,000 bushels each; Baldwin, 78,000 bushels, and Wealthy and Winesap, 44,000 bushels each.

Commercial U. S. apple production in 1962 totaled 12.14 million bushels, down 5.3 million bushels, or four per cent from last year's large crop, but still 10 per cent above average. A 5.5 million bushel increase in production in Western states was more than offset by lower production in important central and eastern states.

Home Economist Issues Safety Suggestions For A Safe, Merry Christmas

By MRS. HELEN D. TUNISON

Extension Home Economist

Because the Christmas tree could be a potential fire hazard, use caution in its selection, placement and maintenance. To keep your Christmas merry, observe these safety suggestions:

Unless for a special reason, choose a small or medium tree instead of a large one. A small tree can be just as pretty and far less hazardous, especially if there are very small children in the family. After you choose your tree, keep it outdoors in shade or shed in water until you set it up on Christmas Eve. Choose a location to set up the tree in a cool part of the room, away from radiators, hot air ducts, heaters, fireplaces, etc.

Don't set up electric trains around or near the tree. A metallic ornament or piece of tinsel may fall off the tree across the tracks and cause a short circuit. If you use electric lights on the tree, inspect every socket and wire to make sure that the set is in good condition. Discard or repair any frayed insulation or bare wires. When buying a new set look for the UL label of the Underwriters' Laboratories.

NO SOCKET UNDER TREE

Don't plug into a wall socket under the tree. Provide a switch at some distance from turning lights on and off. Don't leave light burning on the tree or on outdoor yard decorations when you are away from home. From time to time inspect the tree for turning lights on and off and check if any needles or decorations are close to a bulb and becoming scorched. When needles start falling, take the tree down and discard it outdoors.

Use fireproof decorations — or glass or metal — never cotton or paper decorations unless flame proof. Gift wrappings should be discarded promptly and safely after presents are opened. An accumulation of tissue and other paper could be a fire hazard. Beware that candle flames or fire-place flames are not carried to inflammable curtains, decorations, etc., by a sudden draft or wind caused by window or door opening. Avoid using evergreens or any inflammable decorations close to

electric lights where heat could cause fire. Keep the holidays happy and safe.

PRODUCTS OVERLAP

One look at the laundry supply shelf in the supermarket gives an excellent picture of products now available. A far cry from the days of homemade soap, bluing and heavy starch, these new products are the result of change. It's easy today to find at least five different laundry soaps and synthetic detergents in one store.

In 1961, the three major producers of household detergents introduced 11 new products. In addition, there is the large number of water softeners, bleaches, starches, fabric softeners and bluing, all recommended for the whitest, brightest, softest and smoothest wash.

ARE COMBINATIONS

With this wide variety of products is the problem of overlapping uses. Many products are actually combinations. For example, a detergent may already have a water softener in it. If this is the case, it may not be economical to use additional softener unless the water is very hard. You may be doing the same job twice if the detergent contains a fluorescent dye which makes clothes appear whiter, and you add bluing to the rinse water.

Employers aren't willing to hire two different persons to do the same job. Chances are you aren't either. This makes it essential for you to read product labels to see that you're paying only one workman to do each job.

GOOD BREAKFAST

When children are home during Christmas vacation, your daily routine may change.

It's often hard to get children to bed at night and up in the morning. Also it may be a challenge to have meals at regular times. But you know each family member needs a good diet every day to prepare him for holiday activities.

A good breakfast each morning will help get family members ready for the day. Perk up appetites with a glass of orange or grapefruit juice. A tasty eye opener will also supply the ascorbic acid each person needs every day.

The backbone of a good breakfast is a protein-rich food. You may serve egg, ham, or cereal with milk. Or you may try an unconventional breakfast food, such as cottage cheese, Cheddar cheese, hamburgers, or hotdogs. A glass of milk or a beverage made with milk is an important part of the daily breakfast. This

FLORIDA GETS LITTLE RELIEF FROM FREEZE

By THE ASSOCIATED PRESS

Freezing weather persisted in parts of the South and Southeast today, but rising temperatures in parts of Florida hastened the picking of frozen fruit before it thaws and spoils.

The snows that buried parts of the Midwest and Northeast came to an end and major cities were digging out. Some rural areas are still isolated and highways blocked.

The nation generally was spanned by freezing weather, exactly one week away from the official beginning of winter.

Labor crews worked feverishly in the central and northern orange and grapefruit orchards of Florida to salvage frozen fruit for juice and concentrate. Industry and state agriculture specialists still cannot estimate the damage to a bumper crop in Florida's worst freeze.

FREEZING AREAS

The temperature in Miami went to 44, but other normally sunny Florida points reported freezing weather. Tallahassee reported 24 and Jacksonville 29.

Generally, temperatures were below freezing in most of the South and Southeast. Atlanta reported 24, Birmingham 27, Charleston, S.C., 20, Chattanooga 16 and Asheville 14.

The American Sugar Cane League estimated the cold may have damaged the Louisiana sugarcane crop as much as \$4.8 million. About 15 per cent of the crop was in the field Thursday when the temperature plummeted to 12.

Work crews in Indiana, Michigan, Ohio and New York struggled to bring conditions back to normal after more than a week of blinding snows. Some schools are still closed and snow drifts have virtually isolated small towns. The number of deaths attributed to the weather stood well above 160.

CITY MANAGER IS INDICTED

NEW YORK (AP) — A grand jury Friday indicted Joseph McDowell Mitchell, self-suspended city manager of Newburgh, N.Y., in a \$20,000 bribe case.

Mitchell had gained widespread publicity for his "get-tough" stand on welfare recipients in Newburgh, a Hudson Valley community.

Named with Mitchell in the indictment was Lawrence J. DeMasi Jr., a New Jersey real estate man.

Mitchell is accused of three felony counts and a misdemeanor. The felony counts are asking and receiving bribes, taking unlawful fees, and accepting a bribe as an officer. The misdemeanor charge is conspiracy.

Each of the three felony charges could mean up to 10 years in prison, a \$5,000 fine or both, if he is convicted. The charge of accepting a bribe would mean, on conviction, forfeiture of office and permanent disqualification.

Youth Is Committed To Mental Hospital

BIRMINGHAM, Ala. (AP)—An Alabama youth accused of making threats against President Kennedy has been ordered to a federal mental institution.

Littlestown

LITTLESTOWN — The Cub Scouts of Pack 84 will be guests at a Christmas party Monday evening at 7 o'clock at the American Legion Home. There will be entertainment and refreshments. The mothers are invited to send cookies for the occasion. The Cub Scouts are requested to attend in uniform.

Mrs. Donald G. Garner, Mrs. George C. DeHoff, Miss Malva A. Dutterer and Miss Louise Dutterer will serve as hostesses at a meeting of the Hustlers' Class of Redeemer United Church of Christ at 7:30 p.m. Monday in the church social hall. There will be an exchange of Christmas gifts.

The Girl Scouts of Troop 957 held a Christmas party Wednesday at the Community Center. Games were in charge of Audrey Bair, Jill Wiseman and Stephanie Gall. Refreshments were served by Janis Hornberger, Carolyn Breighner, Jean Staley, Robin Baker and Sandra Hull. Gifts were exchanged. The next meeting will be held January 9 when Girl Scouts, leaders and troop committee members will attend the union mission service in St. Paul's Lutheran Church.

An investiture service and Christmas party were held by the new Brownie Troop Thursday at the home of Mrs. Charles E. Ritter, Glenwyn Drive. Members of the troop are: Julie Hornberger, Jane Wildasin, Amy Evans, Nancy Brown, Kathy Jo Bible, Ramonda Reynolds, Sally Staley, June Mayers, Barbara Riley, Catherine Fuhrman, Vicki Hess, Andrew Helm, Toni Kerns, Loretta Crabbs, Susan Slagle, Penny Nichols, Lana Hoke, Deborah Hanshaw and Brenda Shrader. Assisting Mrs. Ritter were Mrs. John H. Riley, Mrs. Glenn Wildasin, Mrs. Gilbert Evans and troop committee members, Mrs. Paul C. Mayers and Mrs. Carol Nichols. Following investiture, there was carol singing; individual members entertained with baton twirling and Christmas songs; there were games and refreshments. This was the last get-together for December. The troop will meet again January 11 after school at the community center.

WARM IN ALBERTA

CALGARY, Alta. (AP)—While Florida shivers, southern Alberta is having a belated touch of Indian summer.

The mercury didn't climb above 38 Thursday in Jacksonville, Fla., but at Calgary—1,500 miles to the north—it reached 56, one degree above previous record highs in 1944 and 1956.
